**1. What is your connection or interest in this case? \* For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)**

I am a new resident of Landrum in Greenville, County and a property owner/taxpayer. I am not a Duke Power customer, but I could be negatively affected by their proposed energy Modernization Project.

**2. Please give a concise statement of your protest. \* (This section must be completed. Attach additional information if necessary.)**

Last time my husband and I wrote to you, we were in the process of moving from Boston to the Upstate. We've been here for a month now, and we're enjoying exploring the area and meeting all of our new neighbors. Needless to say, one of the most heated topics of conversation among neighbors is the Duke Power "Modernization Project." We've learned that, regardless of income level, everyone we've spoken to is completely opposed to this project. And since August, the opposition has grown. Residents are becoming increasingly aware of the negative implications of this project for their livelihoods and property values. Although Duke Power has delayed its announcement of its preferred route, my husband and I continue to be strongly opposed to this project. It is a BAD DEAL for the Foothills and the residents of South Carolina!

**3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? \***

No, it's not necessary for me to provide sworn testimony. However, please feel free to call or email me for further views on this matter. Thank you.
